## OBJECTIVE

Aspiring Software Developer

- passionate about building innovative solutions. A Computer Science student skilled in React.js, Tailwind CSS, and Firebase. Experienced in developing responsive web applications and deploying smart contracts on blockchain platforms. Eager to explore AI and blockchain technologies to create impactful solutions while continuously learning and growing.

## SKILLS

### Technical Skills:

- Programming Languages: Python, Java, JavaScript
- Web Technologies: React, Tailwind CSS, HTML, CSS, Node.js, Express
- Database Management: MongoDB, SQL, Firebase
- Tools: Git, AWS

### Soft Skills:

- Effective Communication
- Team Collaboration
- Problem-Solving
- Time Management

## PROJECTS

### Food-del Website - TangyBite

[Website Link](#) [Admin Link](#)

- "TangyBite", a full-stack food delivery web application with secure JWT-based authentication, enabling seamless user signup, login, and session management.
- Implemented a dynamic cart system and responsive user interface, enabling users to browse menus, add/remove items, and manage their orders efficiently.
- Built an Admin Dashboard for managing food items, viewing orders, and monitoring platform activity, using Node.js, Express, and MongoDB for robust backend functionality.
- Integrated Stripe for secure online payments, allowing users to place food orders and complete transactions directly through the platform.
- **Technologies Used:** React, Node.js, Express, MongoDB, JWT, Stripe

### Assured Contract Farming System

[GitHub Link](#)

- Developed a platform that facilitates transparent agreements between farmers and buyers, featuring contract management, price negotiation, and secure payments.
- Integrated Firebase for real-time data handling, user authentication, and secure storage.
- Implemented encrypted payment gateways to ensure secure and timely transactions.
- Designed an intuitive UI to enhance user experience and accessibility for all stakeholders.
- **Technologies Used:** React, Firebase

### E-commerce Website

[Website Link](#)

- Developed a full-featured e-commerce platform using React and Tailwind CSS, ensuring a responsive and user-friendly interface.
- Implemented features such as product listing, user authentication, and shopping cart functionality, enhancing the overall user experience.
- Focused on front-end performance and responsiveness, delivering a seamless experience across devices.
- **Technologies Used:** React, Tailwind CSS

## CERTIFICATIONS

### AWS Web Services Internship (NIELIT)

Completed an online internship on AWS Web Services conducted by NIELIT, gaining practical knowledge in cloud computing and deployment strategies.

## LANGUAGES KNOWN

- English, Telugu, Hindi

## EDUCATION

### SAGI RAMAKRISHNAM RAJU ENGINEERING COLLEGE, Bhimavaram, West Godavari

BTech in Computer Science Engineering (CSE)

CGPA: 8.27

(2022 – 2026)

### SRI CHAITANYA COLLEGE, Vijayawada, Krishna

Intermediate MPC

Percentage: 94.4%

(2020 – 2022)

### SRI CHAITANYA SCHOOL, Rajahmundry, East Godavari

Secondary School of Certificate

Percentage: 100.0%

(2019 – 2020)
